

Disclosure & Barring Information

As from 17th June 2013 anyone who is eligible for a DBS check at any level can register to the Update Service for an annual subscription fee of £13. This means it will be possible to change roles and employers within the same sector without the need to apply for a new criminal record check. The individual will need to sign up to this service within 14 days of the date the certificate is issued.

www.gov.uk/dbs-update-service

Please also note that as from this date the DBS will only be issuing certificates to the applicants and will no longer be sending a copy to the hospital. It is therefore the responsibility of the applicant to show their Disclosure certificate to the Recruitment Department as soon as it is received.
