Sussex Community
NHS Foundation Trust

ABOUT US

As the largest provider of community healthcare services in Sussex, our teams help people to plan for and manage changes to their health, supporting patients and their families to live more independently. We employ over 5,000 full and part time staff, and provide community services to a population of 1.3 million people.

Each year our dedicated clinicians see adult or child patients more than 2.6 million times, caring for people from their earliest moments right up to the final stages of their life.

SCFT teams deliver a range of health and care services to more than 9,000 people every day, working in care homes, clinics, intermediate care units, people's own homes, GP surgeries, schools and other community venues across the region.

Our vision is to provide **excellent care at the heart of the community** and achieving the highest level of service is our top priority.

We develop and nurture our staff and recognise that they are our greatest asset.

We give them clear career pathways, support their wellbeing, recognise and value their diversity and provide them with the leadership, skills and knowledge they need to deliver the best care for our patients now and in the future.

Jobs are available in a wide variety of services, both adult and children's, at locations across East and West Sussex.
