

Registered Nurse

Band 5

Critical Care

JOB DESCRIPTION

1. About the Trust

Our Organisation

The Hillingdon Hospitals NHS Foundation Trust is the only acute hospital in the London Borough of Hillingdon and offers a wide range of services including accident and emergency, inpatient care, day surgery, outpatient clinics and maternity services. The Trust’s services at Mount Vernon Hospital include routine day surgery, delivered at a modern treatment centre, a minor injuries unit and outpatient clinics.

The safety and well-being of our patients and of our staff is paramount and we are making urgent improvements to address this – particularly in infection prevention and control. We are making progress and going forward by working in partnership with local GPs, charities, community services, academic partners, our local authority, neighbouring hospitals and the wider North West London Integrated care system, and ensuring that we listen and work in partnership with our local population. We are absolutely focused on ensuring that our hospitals provide high quality, safe and compassionate care, while drive forward the building of the new Hillingdon Hospital.

We have over 3,500 members of staff that are proud to care for nearly half a million people, with a vision to be an outstanding provider of healthcare through leading health and academic partnerships, transforming services, to provide the best care where needed.

Our staff are real superstars; how they have responded to the challenge of the COVID-19 pandemic was amazing and reflects our values - which guide our decisions, our teamwork, how we support our people and how we deliver our patient care. The values form the mnemonic CARES:

- Communication
- Attitude
- Responsibility
- Equity
- Safety

Our patients are at the heart of everything we do and our mission is to provide high quality, safe and compassionate care, improving the health and wellbeing of all the people we serve. In addition to our Estates, Clinical, Workforce, Digital, Communications and Engagement strategies, our strategic objectives this year are focused on Quality, Workforce, Performance, Money, Well-Led and Partnership Working.

Job summary

To deliver high quality, effective and compassionate individualised health care to all critically ill patients and their families. You will work as part of a team supporting and developing colleagues whilst contributing to the efficient and effective operation of the department. You will always role model the Trust CARES values.

You will be an active member of the multidisciplinary team by using professional judgement and assuming responsibility and accountability for assessing, implementing and evaluating clinical care for patients to meet their needs in a safe caring environment that promotes dignity, privacy and respect. The post holder will be expected to develop knowledge and skills within the chosen speciality and will assist in the management and organisation of nursing work in the ward/department within the NMC Code of Professional Conduct.

The post holder will supervise the working of health care assistants and support workers and support the training and assessment of student nurses, whilst demonstrating the trust Values and Behaviours for nursing and midwifery staff at all times. The post holder has a duty of care to patients and is expected to comply fully with best practice standards and comply with trust policies for personal and patient safety and the prevention of healthcare associated infection

Main Duties and Responsibilities: Professional and Clinical

1. Work in accordance with NMC Code: Professional standards of behaviour for nurses, midwives and nursing associates prioritising people, practicing effectively, preserving safety and promoting professionalism and trust.
2. Lead on assessing planning and implementing high quality care, and evaluating care options for patients in the clinical area, in line with the Trust values and objectives
3. Ensure the safe custody, maintenance and administration of medication, in accordance with established Trust policy
4. Maintain a good understanding and implementation of clinical escalation procedures as required and provide sound evidence based clinical advice as required to staff and patients whilst maintaining the delivery of high quality end of life care in line with national pathways

5. Understand the Trust clinical governance framework, and participate in the promoting and safeguarding of high standards of care, through effective risk management and governance, and adherence to the Trust values
6. Be familiar with the Trust safeguarding policies and ensure that Safeguarding concerns are escalated promptly in line with trust policies
7. Work collaboratively and effectively with the Multi Disciplinary Team to ensure the delivery of high quality evidence based care.
8. Promote and maintain patient safety at all times Maintain a safe working environment, including ensuring equipment is safe, and used in line with Trust policy and values
9. Have an awareness of current professional and clinical developments within their area of practice and promote this to others
10. Establish effective working relationships with other hospital departments and external agencies to facilitate safe and appropriate patient care using efficient and effective communication strategies.
11. Ensure that nursing documentation related to patient care is in accordance with the 'NMC Standards for records and record keeping' requirements, and the legal and ethical framework e.g. data protection, confidentiality.
12. Ensure the safe and effective use of all medical devices used within the Critical Care Unit.
13. Be conversant with the Trust's Major Incident policy and one's own role and responsibilities during such an event.
14. Ensure that nursing documentation related to patient care is in accordance with the 'NMC Standards for records and record keeping' requirements, and the legal and ethical framework e.g. data protection, confidentiality.
15. Actively identify and manage potential infection control issues ensuring all necessary precautions are in place for patients and staff including:
 - a) Ensuring that they are directly responsible for ensuring that cleanliness standards are maintained throughout the shift
 - b) Being aware of the methods by which nurses can request additional cleaning, both urgently (e.g., spills or discharge cleaning) and routinely (e.g. where standards are persistently below expectations)
 - c) Ensuring that all nurses working within their area of responsibility adhere to Trust policies on infection, prevention and control, taking corrective action as required.
 - d) Ensure and enforce adherence to the Trust Uniform and Dress Code Policy

Education and Research

1. Identify training needs, in collaboration with Practice Development Educator and / or Senior Ward Leader or Lead Nurse within the department.
2. Encourage and facilitate an effective clinical learning environment for all staff across the MDT including nursing and allied health professional students.
3. Participate in the orientation and induction of new staff members and act as mentor or preceptor where appropriate.
4. Participate in clinical supervision / acting as supervisor
5. Actively support and assist in preceptorship and in pre-registration student support, supervision and guidance including mentorship where appropriate.
6. Participate and cooperate in audit and research activity as required within the Trust framework and act on findings to improve nursing practice.
7. Participate and assist in setting standards of patient care based on research findings
8. Act as a Link nurse for an area of practice with responsibility for sharing information relating to changes/developments to the unit team and participate in developing practice.
9. Participate in Service Improvement Projects as required by the Lead Nurse/Trust Quality Improvement Leads

Professional Development

1. Maintain professional registration and act as a role model at all times.
2. Ensure mandatory training and a satisfactory appraisal is in date
3. Undertake a professional development plan and demonstrate achievement of objectives
4. Ensure adherence to Trust policy and guidelines at all times
5. Identify personal education and development needs and in collaboration with the Senior Sister / Charge Nurse, address these needs through the Trust continuing personal and professional development process (PDR).

Consultancy

1. Share and involve patients and their carers in progress reviews and discharge planning to include care post discharge, service provision and self-care initiatives, consulting with specialist nursing services as required.
2. Give advice to patients and relatives regarding after care, services available self-management.
3. Ensure all communication, which may be complex, contentious or sensitive, is undertaken in a responsive and inclusive manner, focusing on improvement and ways to move forward.
4. Ensure all communication is presented appropriately to the different recipients, according to levels of understanding, type of communication being imparted and possible barriers such as language, culture, understanding or physical or mental health conditions.

General

1. To work in accordance with the Trust's Values to consistently demonstrate the behaviours required. The post holder is required to carry out his/her role in accordance with the organisation values, standards and behaviours, in a Professional, Compassionate, Respectful and Safe way.
2. To ensure that Hillingdon Hospital Foundation Trust's policies and procedures are adhered to.
3. To have responsibility for the Health, Safety and Welfare of self and others and to comply at all times with the requirements of the Health and Safety Regulations and the Trust's Health and Safety policies and procedures.
4. Maintain confidentiality at all times, only releasing confidential information obtained during the course of employment to those acting in an official capacity in accordance with the provisions of the Data Protection Act and its amendments.
5. Work in accordance with the Trust's policies to eliminate unlawful discrimination and promote equality and diversity in the workplace. To positively promote at all times equality of opportunity in service delivery and employment in accordance with Trust policies, regardless of age, disability, race, nationality, ethnic or national origin, gender, religion, belief, sexual orientation or domestic circumstances.
6. To adhere to the Trust Infection Control Policy, procedures and guidelines, and in particular practice strict hand hygiene at all times while carrying out clinical duties, in line with the responsibilities placed on employees by the Health Act 2006: Code of Practice for the prevention and control of healthcare associated infections (HCAIs). The prevention and control of HCAIs must be embedded into everyday clinical practice and applied consistently.
7. All clinical staff hold responsibility for ensuring they have sound knowledge of standard infection control precautions and that no omission on their part or within the sphere of their responsibility is detrimental to the interests or safety of their patients, visitors and colleagues. Clinical staff must keep their infection control knowledge and skills up to date by attending the Trust's mandatory infection control training, a record of which will be kept and information provided to line managers as required.
