### Our Vision, Values and Behaviours

At University Hospitals Coventry and Warwickshire (UHCW) NHS Trust our vision is to be a national and international leader in healthcare, rooted in our communities. Our Organisational Strategy *More than a Hospital* (2022-2030) was shaped by the views of our staff, patients and stakeholders and sets a clear plan for improvements in healthcare.

We aim to deliver the best care for our communities, being exceptional in everything we do. We do this by providing proactive, joined up support for local people and we deliver specialised services for those with the most complex health conditions. We set out to create the best experiences for our staff and work positively in partnership with other organisations to achieve the best healthcare outcomes.

Our vision and purpose are underpinned by a clear set of values that reflect the culture we want to create: *Compassion, Openness, Pride, Partnership, Improve, Learn and Respect*. Developed by our staff, our seven values guide what we do daily. Whatever our role or level, we commit to uphold these values as we work together to deliver world class care.

### Net Zero and Sustainability.

UHCW NHS Trust, by virtue of its Green Plan, is committed to ensuring that the way we provide services minimises the impact on the environment and the future health of the public e.g. zero waste to landfill, reducing our carbon footprint and increasing our recycling and reuse percentages.

### Job Summary

A shift/team leader, providing clinical leadership and management support, and developing and evaluating best practice within the department.

## Main duties

As part of our commitment to patients and delivery of a world class service for all we have created the UHCW Improvement (UHCWi) System in partnership with the Virginia Mason Institute in Seattle; this involves a structured approach to removing waste and putting the patient first using a lean management system and methodologies. Our culture and ways of working reflect and embed the practices and methodologies of UHCWi. You are expected, where identified, to attend and complete relevant training and development opportunities to support this. This may include Lean for Leaders, Advanced Lean Training, and the Human Factors Programme, amongst others. Full attendance and completion of identified courses is considered essential and a prerequisite for this post.

1. Accountable for own actions in accordance with the Code of Professional Conduct. Will contribute to corporate objectives, acting within local, Trust and statutory guidelines and policies always.
2. Effectively communicate information regarding clinical decisions, policy and care pathways to patients/carers and the multi-professional team including situations where difficulties in comprehension occurs.
3. A skilled practitioner and clinical leader providing support to the management team, participating in service/policy development.
4. Responsible for clinical assessment of a group of patients and management of a team, ensuring appropriate care is planned, implemented, and evaluated/audited, involving patients and users
5. Organisation of cross-departmental/organisational activities including HR resource, and bleep-holder responsibilities as appropriate
6. Demonstrate highly technical and/or practical skills to ensure optimum patient management including complex patient monitoring; equipment management and frequent administration of invasive tests/procedures
7. Develop and educate staff, participating in supervision, mentorship and appraisal as required.
8. Utilise and ensure others utilise IT systems to secure accurate and timely patient, workforce, and resource data available.
9. Manage expected and unexpected clinical events requiring high but unpredictable levels of physical effort according to patient dependency/clinical need, referring to a senior member of staff where appropriate e.g. in an unexpected event.
10. Support patients, carers and others during difficult situations arising in the clinical area, e.g. imparting bad news or following an unexpected event.
11. Promote and monitor adherence to Health and Safety and Trust policy designed to protect healthcare staff and service users from known hazards.
12. Maintain a clean, safe environment ensuring adherence to Trust standards of cleanliness, hygiene and infection control always.
